

2022 IHA Patient Safety Priority Focus Area Survey

To better understand what the future educational needs are for our members, we are asking you to take a few minutes of your time to complete this brief survey. The purpose of the survey is to help us to plan IHA quality and patient safety educational and training programs for 2022. Learning more about your hospital's priorities will allow us to plan accordingly.

The survey should take less than 15 minutes to complete, and your responses are confidential.
