

# Indiana Resource Pool

Powered by the Indiana Hospital Association and Matchwell

## What is the Indiana Resource Pool?

The first of its kind in the country, the **Indiana Resource Pool** is a statewide clinician pool that connects you directly with qualified Indiana-licensed clinicians, bypassing agencies altogether.

This groundbreaking program brings in a **new era of engaging** with **local** and **per diem workers** directly and transparently.

Instant access to local clinicians

A cost-effective solution

No middleman (agency)

Flexibility without compromise

### Here's how it works.

1. **Register for the program.** The more job opportunities we have, the easier it is to engage clinicians for you.
2. **Browse clinicians.** View every qualified Indiana clinician within the Matchwell platform alongside your jobs. Engage with them directly, book shifts, and manage assignments—all in one place.
3. **Choose your payroll or ours.** Decide whether to hire clinicians onto your payroll or utilize our W2 employment services. Either way, bypassing local agencies will result in significant savings.
4. **Rest assured.** Everything on the platform is kept private and secure to protect your information.

### Indiana Facilities

Join the wave of leading healthcare organizations embracing innovation and efficiency with the Indiana Resource Pool.
