

**ARE YOU A WORKING HEALTHCARE PROFESSIONAL
LOOKING TO TAKE YOUR CAREER TO THE NEXT LEVEL?**

Continue building your health care career with a Master of Health Administration (MHA) degree from the Fairbanks School of Public Health. Our program was the first MHA program in Indiana, so it is a well developed program with a rich alumni association. This degree will prepared you for greater organizational responsibilities and leadership roles.

The Richard M. Fairbanks School of Public Health MHA Program is taking applications for both the Executive MHA and Traditional MHA Programs.

Learn how to apply here (<https://fsph.iupui.edu/academics/masters/mha/index.html>) or contact Christal Hitchens at cnhitche@iu.edu for more information.
